	Site Contact Number

SEVERITY	5	5	10	15	20	25
	4	4	8	12	16	20
	3	3	6	9	12	15
	2	2	4	6	8	10
	1	1	2	3	4	5
		1	2	3	4	5

LIKELIHOOD
5 Almost Certain - Very High Risk
4 Probable - High Risk
3 50/50 - Medium Risk
2 Improbable - Low Risk
1 Almost Impossible - Low Risk

SEVERITY
5 Fatality - Very High Risk
4 Severe Incapacity - High Risk
3 Absent from work 3 weeks - Medium Risk
2 Absent from work less than 1 day - Medium Risk
1 Insignificant - Low Risk

1 - 4 Low Risk
Continue with existing control, however monitor for changes. Implement any additional control measures required, within the timescales given in the risk assessment.

5 - 9 Medium Risk
Requires attention to reduce the rating as well as regular ongoing monitoring. Implement any additional control measures required, within the timescales given in the risk assessment.

10 - 15 High Risk
Requires immediate attention to bring the risk down to an acceptable level. Implement the control measures required, within the timescales given in the risk assessment and continue to review working practices to reduce the probability of an accident to the lowest possible level.

16 - 25 Very High Risk
Stop immediately – the risk is too high. Take immediate action to reduce the risk to the lowest level possible.

Description of work carried out

1	EPM personnel must inform site contact to arrange for permission to carry out work activity and inform the estimated time of arrival.
2	On arrival EPM personnel are to sign in the visitor's book and read the site specific health & safety rules. Before the commencement of any contract works, attendance of a site induction will be required if necessary. If a permit to work is required this will be completed before work commences.
3	Once the appropriate paperwork has been completed and permission has been granted the EPM operative will undertake a full inspection of the premises.
4	The following in sections 5-7 in italic is from the HSE website and should be used as guidance. Details are in the link below.
5	What your employer must do Your employer has specific duties to protect you as a lone worker. This also applies if you're working for them as a contractor, a freelancer or are self-employed. Our guidance for employers includes advice on: providing you with support and training keeping in contact with you preventing work-related violence
6	What you must do Like any worker, you must take care of your own health and safety and that of others who may be harmed by your actions at work. You must cooperate with your employers and other workers to help everyone meet their duties under the law.

7	<p>How to raise any concerns</p> <p>If you're concerned about health and safety risks to you as a lone worker, talk to:</p> <ul style="list-style-type: none"> your employer a manager or supervisor a health and safety representative
---	---

<p>Accident & Emergency Procedures</p> <p>In the event of an accident this must be reported to the site manager/contact. All accidents must be reported in the site accident book. Contact should also be made with the EPM office and accidents reported in the accident book. If first aid can be applied this must be carried out using the first aid equipment stored in the vehicle. If the accident is serious the emergency services need to be contacted via the 999 number. Please ensure H&S Data sheets are available if required.</p>
--
