Project Manager		Contact Number	
Contact		Contact Number	

Description of work carried out

1	EPM personnel must inform site contact to arrange for permission to carry out work activity and inform the estimated time of arrival.
2	On arrival EPM personnel are to sign in the visitor's book and read the site specific health & safety rules. Before the commencement of any contract works, attendance of a site induction will be required if necessary. If a permit to work is required this will be completed before work commences.
3	Once the appropriate paperwork has been completed and permission has been granted the EPM operative will undertake a full inspection of the premises.
4	The following in sections 5 and 6 in italic is from the HSE website and should be used as guidance. Details are in the link below.
5	<p>Before working at height you must follow these simple steps:</p> <p>Avoid work at height where it is reasonably practicable to do so where work at height cannot be easily avoided, prevent falls using either an existing place of work that is already safe or the right type of equipment minimise the distance and consequences of a fall, by using the right type of equipment where the risk cannot be eliminated.</p>
6	<p>You should:</p> <p>do as much work as possible from the ground ensure workers can get safely to and from where they work at height ensure equipment is suitable, stable and strong enough for the job, maintained and checked regularly not overload or overreach when working at height take precautions when working on or near fragile surfaces provide protection from falling objects consider emergency evacuation and rescue procedures</p>

Accident & Emergency Procedures

In the event of an accident this must be reported to the site manager/contact. All accidents must be reported in the site accident book. Contact should also be made with the EPM office and accidents reported in the accident book. If first aid can be applied this must be carried out using the first aid equipment stored in the vehicle. If the accident is serious the emergency services need to be contacted via the 999 number. Please ensure H&S Data sheets are available if required.

Equipment Likely to be used.

Torch, monitoring station keys, screwdrivers, scrapers, laptop tablet, metal detectable pen, rodent glue boards, (for emergency use only),

Personal Protective Equipment expected to be used

Safety Boots, Coveralls, Safety Glasses, Ear protection, hard hat, disposable gloves, Hi-visibility vests. Face mask with appropriate filters.

Certification Required

Minimum of a British Pest Control Association Diploma, see <https://www.hse.gov.uk/work-at-height/key-messages.h>
